

► It's about firefighter safety....

# Blasting OFF To a GREAT START!

**Team Tempest Growing!**

**March 1, 2005**

Tempest is pleased to announce the addition of two new members to our team.

**John Thompson, (far right)**

John joined Tempest in October 2004 and is taking the lead as our Director of Operations. John is a Mechanical Engineer and has over 15 years in the manufacturing sector, recently with Apollo Dental, a manufacturer of compressor systems for dental hygienic equipment. John will be responsible for all manufacturing processes, new product development and quality control. John's wealth of knowledge and "can do attitude" will excel Tempest to the next level of quality and dependable manufacturing.

**David Moore (second from right)**

David is the newest addition to the Tempest Team, coming on board in January of this year. Recently graduating from Hampden-Sydney College with a BA in History, David will be taking on the role of South Eastern Regional Sales Manager for Tempest. David is charged up and ready to give his big brother Jon "Johnny" Moore, Jr, Tempest's North Eastern Regional Sales Manager, a little friendly family competition.
